LANGUAGES

- Arabic (Native)
- English (Professional)

EDUCATION

- COMPUTER SCIENCE, BS
Lebanese University 2023
- Al Maaref University 2023 - 2027

PROFILE

Junior AI & Web Developer at Develoop. I turn slow, manual business processes into AI-powered workflows and ship bilingual English/Arabic websites. I build fast with AI coding tools, and I review and test everything myself. Customer-facing work at Touch and in high-volume restaurants taught me to build for real people, not just demos. Computer Science student at Al Maaref University.

WORK EXPERIENCE

Develoop Group 2022 - PRESENT

Junior AI Developer 2025 - PRESENT

- Build Python RAG pipelines and multi-step conversational agents with intent routing and tool calling to automate business tasks.
- Connect LLM APIs to internal workflows, replacing manual steps with end-to-end automations.
- Train non-technical staff on generative AI tools and prompting, and prototype new AI frameworks.

Junior Web Developer 2026 - PRESENT

- Build bilingual English/Arabic websites (Next.js, React, Tailwind) with RTL support, deployed on Vercel/Supabase at near-zero cost.
- Own projects end to end, using AI coding tools to deliver faster while reviewing and testing all code.

Marketing and Sales Internship 2022 - 2024

- Tested applications to catch defects before release, and ran digital marketing campaigns while supporting client accounts.

Freelance Web Developer 2026 - PRESENT

- Built a bilingual e-commerce store (Next.js), a full-stack academic app with an AI assistant (Laravel/MySQL), and an AI accessibility app for people with low vision.
- Develop with AI coding tools, personally reviewing and testing all output.

Touch Lebanon 2025 - 2026

Customer Service Agent

- Resolved billing disputes, account issues, and mobile/SIM network configurations for a high volume of telecom customers.
- Assessed customer needs to recommend and sell plans, prepaid/postpaid services, and add-ons.
- Maintained accurate customer records and documentation in line with company compliance standards.

ADDITIONAL EXPERIENCE

Cashier - Atyab Farooj 2026

- Served 400+ customers daily on a POS system, handling payments and orders accurately during peak hours.

Data Entry - Marjuha Restaurant 2025 - 2026

Cashier & Call Center - Grillo Nassar 2024 - 2025
